Canadian Ian Douglas (Brigadier, retired) is going out to Goma on UN contract to supervise/monitor/work with the FAZ as they carry out their camp security mission. Ian will arrive in Goma by the end of March. He is considering travelling by way of Kigali, and then overland to Goma. Ian was the Demobilization guru for UNOMIL in Monrovia, and prior to that was the Canadian DATT here in Washington. He kept us (USG) well informed in Monrovia, and offered to do the same concerning the situation in the camps and with the FAZ. I informed him that Mary Becka is DATT Kinshasa (he knew Mary in Monrovia), and that Tom Odom is in Kigali; I explained that it may be easier to contact USG in Kigali than in Kinshasa from Goma. Ian is a good friend of MG Tousignant, as well as of Romeo Dallaire. You may want to give Kigali a heads-up in case Ian contacts them.
